@dentarg, Fixed the wrong link, thanks.

sundarraja, 2025-12-24

@pitbulk Given the severity of the issue and that upgrading to v1.18 may take some time on our side, would you be able to suggest a patch or workaround that we could apply on v1.12.4 in the meantime?

johnnyshields, 2025-12-24

@sundarraja 1.18 should be a drop in replacement. Did you try it?

ahacker1-securesaml, 2025-12-30

If 1.18.0 doesn't work, you could try to backport it to 1.12.4 with PR:

<https://github.com/SAML-Toolkits/ruby-saml/commit/e9c1cbbd0f9afa467b585de279db0cbd0fb8ae97>
